Fly Legal Day **21 January 2024**

On this day in 2019 the Premier League footballer Emiliano Sala and his pilot tragically lost their lives when their aircraft crashed into the sea. This was an illegal charter flight.

In memory of this fatal accident and to continue our efforts to widen awareness and ultimately reduce illegal charter activity, we designated 21 January... **Fly Legal Day**

We ask all members and industry colleagues around the world to unite in spreading the word and to shine a light on this illicit practice with the hope of preventing any similar future tragedy.

Join us on social media to show your support and help travellers recognise the dangers.

Avoid Illegal Charter Flights...

Know what is legal, think twice & fly safe every day
