

Party Ingredients on Sustainability

Party Ingredients list of food and drink provenance pledges ensures we're held accountable – with a sustainable approach to sourcing many of the ingredients that find their way to the final dish. We champion local produce, with the majority of fresh fruit, vegetables, cheese and dairy coming from our local supply network. We only use British-harvested rapeseed oil in cooking, British-milled flour for all our baking, and British-reared and dry-cured bacon. All our milk is British Red Tractor-certified, and we only source British meat and poultry.

Our Pledges

Food Waste & Packaging

Reduce food waste by 20% by 2024, from a 2019 baseline

Zero waste to landfill (from directly controlled sources) by 2030

Eliminate all avoidable single-use packaging* by 2030

Emissions

Achieve net zero across our entire value chain by 2040 compared with a baseline of 2019

Reduce our absolute scope 1 and 2 greenhouse gas emissions 80% by 2030 and 90% by 2040, from a 2019 baseline year

Reduce Scope 3 economic intensity greenhouse gas emissions 77% by 2030 and 97% by 2040, from a 2019 baseline year

Reduce absolute scope 3 FLAG greenhouse gas emissions 72% by 2040, from a 2019 baseline year
